

## **Microbiology Billing**

### **Possible Add On Charges for Microbiology Tests**

- Identification, Aerobic, each isolate. CPT code 87077
- Identification typing, immunologic method, each isolate. CPT code 87147
- Identification, presumptive urine, each isolate. CPT code 87088
- Identification, Anaerobic, each isolate. CPT code 87076
- Susceptibility, minimum inhibitory concentration (MIC), each isolate. CPT code 87186
- Susceptibility, enzymatic, Beta-lactamase, each isolate. CPT code 87185
- Susceptibility, disk method, each isolate. CPT code 87184
- Particle agglutination, screen each antibody. CPT code 86403
- Concentration for infectious agents. CPT code 87015
- Identification, fungi, mold, each isolate. CPT code 87107
- Identification, fungi, yeast, each isolate. CPT code 87106
